Dear Sir,

We are in due receipt of your letter No. 1932/36-21. (II) of 28th November, 46. The matter is not clear as yet from your letter, and we are sorry to trouble you again.

Your letter states "you should still submit applications in triplicate for the orders of Government, I am directed to state that the orders issued therein are applicable to domestic connections requiring LESS than maximum than 1 K W only". We think that the work LESS should be replaced by MORE so that we will require to submit applications demanding more than KW load. The present letter meaning comes out to be that the are to submit applications for less than 1 K. W. demand only and load more than 1 KW. may not be applied for.

We are sure you will agree with our interpretation. Kindly conform it by letter.

Reply by return of post will be highly appreciated.

Yours Faithfully,
